Nancy Owens, new WMH member was the coordinator of the event assisted by Cathy Saurman, another new WMH member. Other WMH members participating were Linda Rea, Ann Ross and Margaret Bazany.

## Book of Interest

### ***The Biology of Belief: Unleashing the Power of Consciousness, Matter and Miracles*** by Bruce Lipton

There are those who are constantly willing to re-examine what they think they know. Lipton has clearly challenged what we thought we knew and opened Pandora's box. Scientists have long stated, "If you can't prove it, it doesn't exist." That means that we relegate our belief system to the quality of our measuring devices. Since we couldn't measure things at biological speeds until we got Pentium class computers, we haven't been able to measure biological electronic function for very many years. Lipton has helped refocus us away from the false belief that the body is Newtonian and reductionistic to the reality that the body works at the atomic level where Newton's laws fail and electromagnetic energy rules. This book---it will change your life if you will measure it against what is real instead of what you were taught.

## Co-President's Message

Greetings West Michigan Healers,

Co-Presidents' Message - Fall 2008

Where has the summer gone? It certainly has been a beautiful one – this is why we live in Michigan, right? Several West Michigan Healer members and part of the Board of Directors got to experience the special energy of our area (thanks to Vice President, Michelle Tennison) at our first Quarterly Membership Gathering, August 7, 2008. We gathered at Meinert Park in Montague, which Michelle and her husband manage, to enjoy each other's company, food, laughter, song and the beautiful scenery we are blessed with in West Michigan. What a lovely, peace-filled evening we had – hopefully more of you can join us for the next gathering. The date, time & location appear in the Schedule of Events. Come make new friends and catch up with old ones.

As our Committee organization takes shape, we will be reaching out into the community more to offer our members' wide variety of alternative & complementary modalities. We have so much skill & talent within each of us that it seems a shame not to share it. Special thanks to the members who have dedicated their time and energies to co-ordinating or serving on committees. An organization is only as strong and vibrant as those participants who are willing to rise up and work cooperatively in service. Gratitude is extended to ALL who have responded to our calls and made your personal commitment to be part of the new West Michigan Healer organizational team.

We also appreciate those of you who have decided to decline service due to personal time constraints this year. We acknowledge your commitment to the organization with your membership and continue to work to best serve you and our community. Anyone who has not been contacted but is willing and able to serve on a committee should call Kay at (231)865-7676 as there are still some wonderful opportunities available. We are open and receptive to all of your suggestions and ideas for improvement as we restructure, so call or Email any time.

Please hold us in the LIGHT of committees full of inspiration, co-operation and joy, Kay & Kathryn – **Your** Co-Presidents
